

September Thoughts

As fall approaches the changes that come with it become more visible day by day. Our days start getting shorter, sweaters and coats are pulled to the front of the closet and we start thinking about snuggling in for the colder months ahead.

We've made some changes ourselves this season between our move to a fabulous new location in Fort Collins to Partnering with AssuredPartners to better serve our clients after 32 years in the insurance industry.

The season's changing can sometimes be difficult, but it can also bring a wonderful new perspective to light. Embrace the changes ahead and perhaps get a jump start on your Fall preparations with our tips and suggestions scattered throughout this month over on our [Facebook](#) page. Follow us there!

PROTECT WHAT MATTERS MOST

September is National Life Insurance Awareness Month - It's the perfect time to review your needs and current policies to be sure you're loved ones are protected if anything should happen to you.

Did you know that according to insurance statistics that only about 56% of American women have life insurance? Women play a critical role in the well-

being of their families and not having a policy can leave families at a considerable risk. Could your family afford daycare or the loss of a second income? Give us a call this month and let us review your needs. You might be surprised how affordable having peace of mind can be for you and your loved ones.

Did You Miss Our Announcement About Front Range Insurance Group Changes?

For over 32 years it has been the goal of our team to make our clients lives easier. We help answer hard questions, find ways to control costs and help make it possible for our clients to enjoy life knowing we're working behind the scenes on their behalf.

In July, we partnered with AssuredPartners, a dynamic regional and national organization that reflects the same values that made us successful. AssuredPartners allows us to further enhance our client focus and services on a local level basis while at the same time incorporating our operations into a national platform. That means our clients will benefit from the increased support, resources, markets and tools now available to us.

Our staff remains the same under the same leadership. You'll be working with the team members you've come in know, but consider this our way of ramping up to meet your needs more efficiently.

Please give us a call if you have any questions and thank you for allowing us to help in your insurance needs over the years and into the future.

Referrals & Questions

Sue and Marci love referrals! They speak volumes to us on how were doing as your insurance office. We love them so much, that when you send us a referral, we'll send you a cup of java on us and enter you into our quarterly drawing for a fabulous Visa Gift card.

Don't have a referral at the moment, but have another insurance question? Email us and we'll get back to you shortly.

Could You Do Us a Favor?

If you've had a great experience with us would you consider following our link below over to Yelp and sharing a review on our office?

More and more people are visiting sites like Yelp to find what they're looking for and we're hoping with your reviews we'll be able to help them too. If you do and you let us know about the review, we'll enter you into our quarterly drawing for referrals too! Thank you.
